## CARE

Sur Last® is designed to be easy to care for. It can be washed, or brushed off and rinsed. Proper care and cleaning is important to the life of all fabrics. Please visit [www.surlast.com](http://www.surlast.com) for more cleaning information.

## EASE OF USE

Sur Last is designed to be flexible and easy for manufacturers to use. Its urethane coating enhances the stability of the weave and allows for greater water resistance, while also minimizing shrinkage and stretching.

Sur Last does not require a hot knife or serging during fabrication and resists unraveling. As with most coated products, for best results, the non-coated face of the fabric should be exposed to the sun.
