

PROTECT WHAT MATTERS MOST

Barricade™

Help your customers protect their valuable investments from scratching and the elements with Barricade. Barricade is an advanced cover fabric featuring a breathable film sandwiched between two layers of soft but durable bicomponent non-woven material. From grills and motorcycles to cars and airplane windshields, Barricade guards against the damaging effects of sun, dirt, dust, and moisture. This highly water-resistant, quick-drying fabric will ensure valuable possessions are protected for years to come.
