

DURATRACK®

Industrial Curtain Hardware

Duratrack lets you fabricate high-quality curtains for gymnasiums, theaters, cabanas, welding rooms, and more—adding functionality to a wide range of spaces. A broad selection of mounting hardware, trolleys, and splice options offers installation solutions for most any industrial curtain application. Designed for smooth, long-lasting performance, Duratrack pairs well with lightweight fabrics to create versatile solutions for any space.

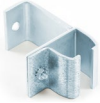

- Made from sturdy 16-gauge, hot-dipped galvanized steel
- Track supports up to 100 pounds per foot
- Use raw or powder-coated
- All components are in stock and ready to ship

Duratrack® Components

This 16-gauge galvanized steel system includes a range of products that suspend and anchor curtain systems, as well as trolleys that allow the curtains to roll smoothly. The high-quality components are designed to minimize installation and maintenance labor, making it easier than ever to create reliable, easy-to-use curtain systems for any space.
