# Sunbrella® Perspectives Collection

The Perspectives collection merges real nostalgia with modern sensibilities, inviting one to escape through the mementos with which they surround themselves. This collection tells a story through the use of new textures and constructions, novelty yarns and brightly colored, bold designs paired with muted, nuanced patterns inspired by memorable experiences and places.

Each motif in the Perspectives collection comes to life through the lens of dimensional texture, carefully considered color arrangements, and woven effects to extend visual interest. Designs such as Clock Out evoke time spent under the shade of a palm tree. You can almost hear the bustling of a Moroccan market through the colorful ikat effect of Escape. Mixture merges structure with movement through the vibrant, kaleidoscope effect of color within opposing twill weave squares. The rib weave featuring chunky bouclé yarns in Momento and the embroidered linework effect of Voyage adds softness and warmth that layer seamlessly with Perspective's corresponding patterns.

All fabrics in the collection coexist in harmony with each other and the existing portfolio of Sunbrella fabrics to create unique points of view to showcase distinct atmospheres and aesthetics.

# Bliss

Bliss is a plain-weave fabric in a balanced chambray construction. It features a bicolored, twisted yarn paired with solid color to create a heathered, textural grid effect on top of a color-saturated base. A rising favorite among our textural plains fabrics, this collection introduces two new colorways – a soothing, botanical-inspired green and a bright and fresh blue.

# Canvas

As a classic staple of our collections, Canvas is used as both a foundation for other fabrics to be layered upon as well as an accent feature, such as an umbrella. Woven with our staple flat yarn, this plain fabric offers extensive design flexibility. These four new colorways are woven in our tweed construction, mixing two different yarn colors, resulting in a subtle pinstriped effect across the width of the fabric.

# Clock Out

This pattern creates the feeling of subtle, graceful movement, much like the effects of a calm breeze rustling through the palm fronds with the sky peeking through. This two-color graphic concept introduces a structured, yet airy component to the collection, featuring a chambray-like weave structure and flat yarns that provide a dry, matte texture.

Escape Denim

# Escape

Escape is a multicolored geometric jacquard inspired by the handmade textiles, rugs, and hand-painted tiles found in a bustling Moroccan market. The ikat effect of the design gives this fabric a dynamic nature further accentuated by the contrast of the saturated and washed blues layered on a crisp, white background.

# Gateway

Gateway is a playful, asymmetrical color-block-style stripe with new colorways inspired by European vacations. Tamale is reminiscent of the sunbaked hues paired with saturated accent colors seen while touring Italian villages. Seaside views of Portofino are captured in Coast, which pairs a crisp white with a range of blues. The calming collection of colors in Aloe are inspired by a morning walk through the Irish countryside.

Mixture Mirage

# Mixture

This modern mosaic merges structure with movement through the colorful fusion of a kaleidoscope of squares, giving it a whimsical energy that is grounded by the grid-like arrangement. The opposing twill weaves create saturated color as well as a subtle graphic on the surface of the fabric. The scale of this pattern allows it to be used on its own or mixed with other items, such as plains, stripes, or larger-scale patterns to create a more varied setting.

Momento Dove

# Momento

This highly textural, foundational textile has a channel-like ribbed surface that creates rhythm and movement, much like the rippled effect seen in sand on the beach. Pairing our chunky bouclé yarn with our flat yarn yields a high-low effect on the face of the fabric; the loops of the bouclé yarn add both visual interest and a luxuriously soft hand.

# Sail Away

Inspired by vintage resort stripes seen in old family photographs, this pattern conjures memories of simple joys from our past. The worn texture of a treasured photo is interpreted through the use of a dry, chambray-type weave and the introduction of a slub yarn. Each colorway captures the soft, natural patina effect of old pictures that have faded over time.

# Voyage

With its organic hourglass-like shape, Voyage is an expression of our connection with our journeys throughout our lifetimes. As our own personal stories weave in and out, they come together to build a much broader perspective over time. The kinetic energy seen in the flow of the pattern is further accentuated by the yarns floating on top of the linen-like ground, resulting in an embroidered linework effect.

# Uncompromising Strength. Unparalleled Performance.

Most performance fabrics are simply ordinary fabrics with a surface finish. Sunbrella's legendary performance is more than a fabric finish. It's our commitment to reliability, design, and trust, engineered into the fiber of every fabric we make.

## Comfortable & Soft

Sunbrella fabrics prove that you can enjoy the best of both worlds: durability and impeccable softness.

## Long-Lasting & Wear Resistant

Sunbrella fabrics guarantee against abrasion, pilling, loss of color, and loss of strength and will stand up to years of normal wear, exposure, and cleaning.

## Easy-to-Clean & Stain Resistant

Engineered to resist stains and repel water, Sunbrella fabrics are easy to clean with soap and water.

## Fade & UV Resistant

All Sunbrella fabrics feature stabilized UV and color pigments to prevent fading, damage, or deterioration.

## Weather Resistant

Woven to stand up to the elements, Sunbrella fabrics resist the damaging effects of sun, rain, snow, and humidity.

## Mold & Mildew Resistant

Sunbrella fabrics resist unwanted abrasion, pilling, loss of color, and loss of strength and will stand up to years of normal wear, exposure, and cleaning.
