SAINT CLAIR TEXTILES

LAC 650[®] SL

SAINT CLAIR TEXTILES

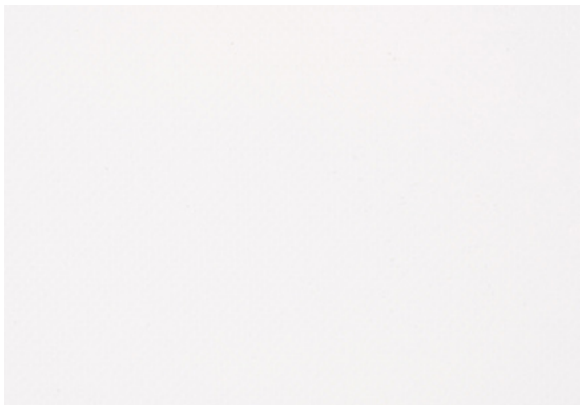

Roll Width: 58.5 inches, 118 inches • Weight: 20oz/yd²

Durable LAC 650 SL awning fabric is made from PVC-covered polyester and protected by the Lowick System for a long lifespan. It deters water retention and resists soiling, UV damage, mildew, and fading. This easy-maintenance awning fabric has a smooth Cleangard[®] finish that helps combat severe weather and makes routine care easier.

Use in window awnings, patio awnings, pergolas, shade sails, marquees, and outdoor canopy structures where a stronger, heavier fabric is required. LAC 650 SL is flexible yet rugged and works well for new projects or awning fabric replacement.

10 Year Limited Warranty

LAC 650 SL is REACH compliable and weldable.
FR Standards Met: NFPA 701-10, Method 2; California Title 19

Arcade® FR

SAINT CLAIR TEXTILES

Roll Width: 59 inches, 118 inches • Weight: 15oz/yd²

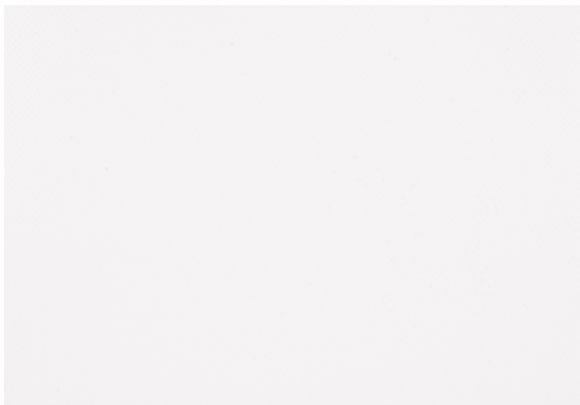

Arcade FR awning fabric is made of fire-resistant, PVC-coated polyester. With protection from the Lowick System, it still looks great after extended use. The fabric blocks out water penetration and defends against soiling, UV damage, mildew, and discoloration. This easy-upkeep awning fabric has a Cleangard® finish, a smooth top coat that shields against weathering and helps with cleaning.

Uses include patio awnings, window awnings, small structures, pergolas, shade sails, tents, and outdoor canopy structures where a lightweight fabric is needed. Arcade FR is pliable but strong and works well for awning fabric replacement or new structures.

5 Year Limited Warranty

Arcade FR is easily welded and REACH compliant.
