

SOFTOUCH

60 inches wide, 11 oz. per sq. yd.

Softouch has both the strength to protect delicate surfaces and is soft in appearance and touch. A combination of acrylic-coated woven polyester and soft non-woven backer of 100% polyester, Softouch makes a strong water-, mildew- and abrasion- resistant cover with a highly protective soft side.

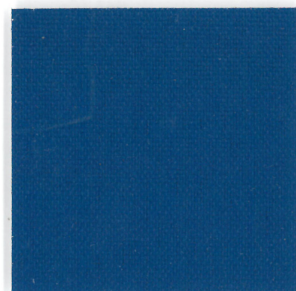

This fabric provides customers with worry-free protection for covering sensitive gelcoats, critical painted surfaces and delicate objects. Softouch is ideal for covering antique wooden boats, high-end bass boats and jet boats, hull covers for competition sailboats, mast covers and outboard motor covers. Additional potential uses include patio furniture covers, boat seat covers, boat hatch covers, and RV windshield and front grill covers.
