# GET BACK OUTSIDE FASTER WITH 100% WATERPROOF FABRIC

## Experience Sunbrella® Rain

With Sunbrella Rain fabric, there's no need to worry if cushions get left out during wet weather. That's because it features an additional **waterproof backing that repels rain on the surface**, allowing it to bead up and roll off instead of soaking through to cushions.

Simply wipe them down after a rain and they'll be dry and ready to use again in no time. Plus, it's made with the same high-performance yarn as all Sunbrella fabric, delivering the same easy-to-clean, fade- and stain-resistant benefits you love.

Ideal for poolside areas, damp and rainy climates and hospitality environments, Sunbrella Rain means a passing storm won't dampen the enjoyment of outdoor spaces.
