Weathertyte® Lite

74" wide, 11 oz. per sq. yd.

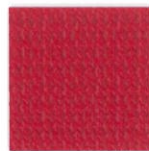

Weathertyte Lite Awning Fabric is a lighter-weight material which offers excellent weatherability and strength in a cost-effective composite membrane. As a digitally printable substrate, options for custom designed awnings, canopies or umbrellas are virtually endless.

Weathertyte's inherent waterproof properties make it easy to clean and resistant to stains and fungal growth. The lighter weight of Weathertyte Lite makes it easier to handle during fabrication and installation.
