

Causeway® Care and Cleaning

To help keep Causeway looking its best, regular cleaning is always recommended. Wipe up spills or clean soon after a stain occurs. The quicker you clean spills, the easier they can be to remove. Some stains can become permanent if not removed quickly.

- Clean with a solution of mild soap (e.g. Dawn®) and water. Promptly rinse with fresh water and wipe dry with a clean, lint free cloth.
- 303® Spot Cleaner can also be used. Blot excess moisture with a clean, lint free cloth. When using any cleaning solution always test a small patch in an inconspicuous place.
- Cushions should be stored in a dry, well-ventilated area.
- Always use non-abrasive towels, soft cloths or napkins to avoid scratching the surface.
- Do not use abrasive cleaners, powders, industrial strength or solvent cleaners, vinyl “conditioners” or “protectors”
- Undiluted bleach can dull or damage the material.
