PATTERNS

VITRIC showcases an asymmetrical plaid that weaves itself into a translucent abstract pattern reminiscent of glass.

A graffiti-inspired pattern, **OVERDRAW** scribbles in bright hues on top of a wool-like ground with a heathered effect.

PRISMATIC is a clean, multicolored stripe reflecting a prism of bright colors. This bold stripe works well as a coordinate or as the main attraction in a room.

ACHIEVER is a top-stitched effect of bright colors woven into a heathered ground creating an accent stripe or allover pattern.

A plain weave using a heathered yarn on bright acrylic warp, **TRIUMPH** achieves a heathered color saturation that coordinates back to the bright highlights of the collection.

PLATFORM is a plush chenille featuring a gorgeous texture that mimics velvet. This pattern softens and brightens a space with a comforting tactile experience.

PASHMINA, a beautifully-textured plain, is woven to evoke the look of wool yet features an incredibly soft hand.

Finally, a textural, basket-weave woven, **RALLY** is intended as a base for the bright colors and sophisticated neutrals in the collection.
