

Trivantage® Agriculture Mesh

Trivantage Agriculture Mesh is a high-quality knitted HDPE (high-density polyethylene) fabric used to protect and shade agriculture, horticulture, livestock, equipment and employees. Agriculture Mesh can also be used for trash truck tarps, equipment covers, scaffold containment and site privacy screening.

Agriculture Mesh is 12 ft. wide and is available folded and packed on 200-ft. rolls. Choose from two shade-factor options: 70% shade in Black, Green and Tan, and 50% shade in White for a more open look.
